Instant reply time

24 / 7

Always-on reception

What you get

- **Instant replies, 24/7**
Every WhatsApp inquiry answered in seconds — no waiting.
- **Automated booking**
Checks availability, books, and confirms without staff effort.
- **Patient reminders & follow-ups**
Pre-visit reminders and post-visit follow-ups on autopilot.
- **Unified dashboard**
Live analytics on conversations, bookings, and revenue.
- **Bilingual: Arabic & English**
Speaks your patients' language in a professional medical tone.
- **Integrates with your stack**
Works alongside your existing clinic systems — no rebuild.

See how it talks to your patients

A real WhatsApp conversation — no canned scripts.

Hi, I'd like a dental cleaning tomorrow.

Hello! We have 11:00 AM or 4:30 PM open — which works?

4:30 PM works, thanks.

Booked with Dr. Ahmed. A reminder will follow an hour before.

Book a live demo

20 minutes — that's all it takes

In 20 minutes we'll show you the system live on WhatsApp, answer your questions, and set up a trial tailored to your clinic.

The difference is measured in revenue

Metric	Traditional reception	With ClinicAI
Response speed	Minutes to hours	Under 5 seconds
Working hours	Business hours only	24 / 7, non-stop
Missed bookings	30–40% lost	Near zero
Follow-ups & reminders	Manual, inconsistent	Automated for every patient
Monthly cost	Salaries + errors	Fixed & scalable

Why now?

- Every missed call is a patient booking with another clinic.
- 70% of patients prefer booking via WhatsApp.
- Full 1-week trial — zero commitment.
